Our guide will give you information about the history and geography of the region. The next visit will be after 40 minutes drive in Derinkuyu Underground City which is the deepest one in Cappadocia region. The underground city has all the amenities of a classical underground city, but in this one, you will reach 60 meters below the ground.

Ihlara Gorge.

We end the hiking portion of the tour near Belisirma village, where we will have lunch in a quaint riverside restaurant.
